**Advisory No. 007, s. 2022**

January 24, 2022

In compliance with DepEd Order (DO) No. 8, S. 2013  
This advisory is issued for the information of DepEd officials,  
personnel/staff, as well as the concerned public.

**2022 INTERNATIONAL STUDENT VIDEO CONTEST BY THE  
INTERNATIONAL ATOMIC ENERGY AGENCY (IAEA)**

Attached is DepEd NCR Advisory No. 011, s. 2022 dated January 17, 2022 on the above-captioned title, contents of which are self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s, 2005 entitled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

**2022 International Student Video Contest by the International Atomic Energy Agency (IAEA)**

This has reference to the attached advisory from Usec. Diosdado M. San Antonio, Undersecretary for Curriculum and Instruction dated January 7, 2022 inviting the participation of public and private learners to participate in the 2022 International Student Video Contest with the theme, "The Role of Nuclear Technology in Addressing Climate Change". The contest is organized in conjunction with the International Conference on Nuclear Knowledge Management and Human Resource Development: Challenges and opportunities to be held in Moscow, Russia on June 13-16, 2022.

The salient points of the video contest are the following:

- The contest is open to teams composed of four students, ages up to 18 years old, with at least 50% female representation.
- Teams will produce three (3) minute video on the role of nuclear technology in addressing climate change.
- The top five (5) finalist will be presented at the IAEA conference in Moscow and be given certificates and awards.
- The winning team will also get electric bicycles from the Russian State Atomic Energy Corporation (ROSATOM).

For inquiries or clarifications, please visit this IAEA's dedicated webpage, or through this link <https://bit.ly/3yxAA2z>.

### ADVISORY

January 7, 2022

#### 2022 INTERNATIONAL STUDENT VIDEO CONTEST BY THE INTERNATIONAL ATOMIC ENERGY AGENCY (IAEA)

The **International Atomic Energy Agency (IAEA)**, as conveyed by the Department of Foreign Affairs, will hold the **International Student Video Contest** with the theme, “**The Role of Nuclear Technology in Addressing Climate Change**”. This contest is organized in conjunction with the **International Conference on Nuclear Knowledge Management and Human Resources Development: Challenges and Opportunities**, to be held in Moscow, Russia on June 13-16, 2022.

The IAEA invites public and private school learners to participate in the video contest with the following salient points:

- The contest is open to teams composed of up to four (4) students, ages up to 18 years old, with at least 50% female representation.
- Teams are invited to produce a three (3) minute video on the role of nuclear technology in addressing climate change.
- The top five (5) finalists will be presented at the IAEA conference in Moscow and be given certificates and awards.
- The winning team will also get electric bicycles from the Russian State Atomic Energy Corporation (ROSATOM).

More information on the contest may be found in the contest’s attached announcement, guidelines and promotional poster. Additional information can be found on IAEA’s dedicated webpage, or through this link: <https://bit.ly/3yxAA2z>.

**International Conference on  
Nuclear Knowledge Management and Human Resource  
Development: Challenges and Opportunities  
13-16 June 2022, Moscow, Russia**

**ANNOUNCEMENT  
International Student Video Contest**

## **THEME**

### **Role of nuclear technology in addressing climate change**

This Video Contest aims to promote discussion on the impact of nuclear technology in addressing climate change, by inviting students to produce a short video on the topic in an engaging and entertaining way.

Students can present the role of nuclear technology in addressing climate change:

- To themselves as individuals, communities, regions, countries
- Through Innovation / technology
- Its issues / benefits
- On their potential inspiring careers, etc.

## **PARTICIPANTS**

- Teams of up to 4 students, age up to 18, with at least 50% female representation. Teachers can be advisors.
- Teams may be composed of students from a single school, or from a number of schools working together in IAEA Member States. No more than one entry per team can be considered.

## CRITERIA

- Digital Media/Videos should demonstrate understanding of nuclear technology and its impacts
- Media can combine theoretical and practical content in a creative way
- Content needs to be as scientifically accurate as possible
- Media content should be original, i.e. no copyright material (such as music, images or videos not created by participants) should be used
- Videos should be no longer than 3 minutes
- The number of likes on YouTube video will be considered

## SUBMISSIONS

- A registration form for the contest should be uploaded to the [INDICO Student Video Contest 2022 page](#).
- On this form, the data of the team members (submitted through the [Microsoft form](#)), abstracts (using [INDICO Call for Abstracts](#)) with an outline of what will be produced, including motivation, outcome, methods, further thoughts, etc, should be given
- Top twenty-five (25) % teams will be shortlisted (prior to the conference)
- Shortlisted teams are required to send a link to their videos (maximum 3 minutes) in an e-mail address: [NKM-HRD2022@iaea.org](mailto:NKM-HRD2022@iaea.org) rather than sending them attached
- Videos can be shot with mobile phones in landscape mode
- Videos in a language other than English must have English subtitles
- Participants must upload all videos on YouTube by the deadline
- Participants can also upload videos on multiple social media such as Facebook, Twitter, and hashtags can be used
- Five teams of finalists to be awarded/prior or before the conference
- All finalists will be given certificates and awards
- The winner of the Student Video Contest will be selected based on the number of votes for Video via conference app

## DEADLINES

- Submission of Project Abstract: **31 January 2022**
- Notification of 25% shortlisted participants: **28 Feb 2022**
- Submission of digital media presentations: **20 March 2022**
- Notification of 5 finalists: **30 April 2022**

## GUIDELINES

### International Student Video Contest Role of nuclear technology in addressing climate change

#### PARTICIPANTS

Teams of up to 4 students, age up to 18, with at least 50% female representation. Teachers can be advisors.

Teams may be composed of students from a single school, or from a number of schools working together in IAEA Member States. No more than one entry per team can be considered.

#### STAGE 1: ABSTRACTS

Submissions for the contest should be uploaded to the [INDICO Student Video Contest 2022 page](#).

Each submission should include the following:

- (a) Short description of video (maximum 300 words), submitted through the [INDICO Call for Abstracts](#), providing the outline of *what* will be produced, including motivation, outcome, methods, further thoughts, etc.; and
- (b) Team composition details (students' names and date of birth, accompanying teacher's name and official title in the school, school's full address) using the [Microsoft form](#).

Abstracts must be in English.

The deadline for submission is **31 January 2022 midnight (CET)**. Applications submitted after this time will not be considered. Once an application has been submitted, it cannot be revised.

## STAGE 2: DIGITAL MEDIA/VIDEOS

Shortlisted participants will be informed about it by latest **28 Feb 2022** and should then submit a link to their videos in an e-mail address: [NKM-HRD2022@iaea.org](mailto:NKM-HRD2022@iaea.org) rather than sending them attached.

The subject line of the e-mail should be: **[International Student Contest] Video (Team Name)**.

Each submission should be:

(a)

- Link to their videos (maximum 3 minutes)
- Videos can be shot with mobile phones in landscape mode
- Participants must upload all videos on YouTube by **20 March 2022 midnight (CET)**.
- Participants can also upload videos on multiple social media such as Facebook, Twitter, and hashtags can be used
- Videos in a language other than English must have English subtitles

(b) Free of copyrighted materials such as music, images and video clips that may violate or infringe upon the copyright of any other person or organization. It is the responsibility of the participants and not of the IAEA to ensure that all contents used in the project is free from copyright or that an appropriate copyright permission is obtained.

In addition, by submitting the project summary, participants agree to assign to the IAEA the copyright to publish the video on the IAEA website, social media and other platforms and certify that no other rights have been granted which could conflict with the right hereby given to the IAEA.

The deadline for submission is **20 March 2022 midnight (CET)**. Submissions received after this date will not be considered. Once the video has been submitted, there will be no opportunity to revise it. If an infringement of copyright is notified at any stage of the competition, the team will be immediately disqualified.

## STAGE 3: FINALIST and WINNER SELECTION

Five teams (composed of maximum four students and one accompanying teacher per team) selected by the jury for the finals will be informed about it by latest 30 April 2022. **All finalists will be given certificates and awards.**

The winner of the Student Video Contest will be selected based on the number of votes for Video via conference app to vote and select a winner among the 5 teams of finalists.

**The winner of the International Student Video Contest will be given a certificate and award.**

For any questions regarding the contest, please contact [NKM-HRD2022@iaea.org](mailto:NKM-HRD2022@iaea.org).
