Advisory No. 039, s. 2022

MAR 14 2022

March 14, 2022

In compliance with DepEd Order (DO) No. 8, s. 2013
This advisory is issued not for endorsement per (DO) 28, s. 2001,
but only for the information of DepEd Officials,
Personnel/ Staff, as well as the concerned public.

**TIME SERIES AND FORECASTING USING FREEWARE AN OPEN SOURCE
TRAINING WORKSHOP**

Attached is DepEd NCR Advisory No. 056, s. 2022, dated March 9, 2022 on the above-captioned title, contents of which are self-explanatory, for the information and guidance of all concerned.

Interested teachers, researchers, and research managers are invited to participate in this virtual conference.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the "No Collection and No Selling of Tickets Policy" stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

NERISSA ROXAS LOMEDA, PhD
OIC- Assistant Schools Division Superintendent

RRA/DA/ Time series and forecasting using freeware an open source training workshop

**Time Series and Forecasting using Freeware and Opensource Training Workshop -
May 25 to 27, 2022**

Time series and forecasting is important because there are so many prediction problems that involve a time component. For government agencies, academe and private sector, time series helps in identifying patterns, creates the opportunity to clean and have a reliable data, and most importantly, forecast the future.

For instance, we can forecast when there will be an increase in COVID19 cases. *Time Series Analysis also has a personal benefit for us; if we are into the stock market or cryptocurrency investing, will there be an increase in value today or tomorrow? The decision that we will make will be based on hard evidence.*

Join us on May 25 to 27, 2022 via ZOOM (maximum of 7 hours workshop). Registration fee is only P3100.00. The fee includes 12% VAT, digital handouts, datasets, digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience. OFFICIAL RECEIPTS will be provided upon payment. **Softwares that participants will use are freewares such as MS Excel and RStudio.**

Objectives:

1. Learn how to perform time series analysis using MS Excel and other freewares.
2. Learn how to interpret time series data.
3. Learn to forecast and read trends.

Note: To access the course outline, description, and program of activities, you may reply to this email.

To register (copy-paste the link to your web browser): <<<https://forms.gle/N6Qhca5C7uEGGned6>>>

Payment details:

Account Name: Strategic One Business Management Consultancy Firm

Account Number: 3831-0043-38

Bank: Landbank of the Philippines (Alabang Business Center Branch)

Who should attend?

Anyone (academe, government, students and private sector) who wishes to accurately predict future agency/business performance through time series and forecasting.

Thank you, and have a great year!

Regards,
