The materials were of great help. At least I came to the exam well prepared and relaxed. Reviewing the materials refreshed me on how to tackle error recognition, reading comprehension, and logical reasoning. I would recommend your materials to anyone interested in taking the CES-WE as it refreshes you on basic techniques in taking exam.

Rationale

As we coalesce with the new and advance normal in this VUCAD (volatile, uncertain, complex, ambiguous and disruptive) environment due to the pandemic crisis, agility and flexibility are keys and paramount to adaptive leadership, where potential CESOs are developed. CESOs as developmental managers must be able to create impacts to the communities and the country as a whole.

CESOs as exemplars and paragons of strategic management and leadership in public and private organizations play a very significant role in championing the tenets of integrity, professionalism, competence and excellence in all facets.

GML Review and Consultancy throughout a decade of Review services has monumented pillars of public leaders that are trailblazing in their own spheres of advocacies and jurisdiction – education, health, tourism

and environment, social justice, trade and investment, infrastructure, peace and security, among others.

This 2022 as we coalesce to the new and advance normal, we rise in the rubbles of the pandemic and other challenges of the times – the true ingredient of resiliency and *bayanihan* spirit.

Advantages of the Virtual Final Coaching

- Less risks for COVID transmission
- At the comforts of the home
- Cost effective in terms of travel and accommodation
- Less stress on part of the pax
