Dr. Dominico C. Idanan, CESO V
Schools Division Superintendent
Muntinlupa City

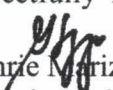

Dear Dr. Idanan,

Greetings! We are excited to inform you that Technokids Philippines is organizing a **FREE** online workshop for students on **April 2, 2022** entitled **MEET and CODE**. This coding workshop will help students think creatively, communicate clearly, analyze systematically and use technologies fluently. Focus of the workshop is on Scratch, a stepping stone to a high level programming designed to create interactive stories, games, art, simulations and more using block based programming.

It would be our great pleasure to provide this to your students who are interested in pursuing a track in Science and Technology. Students who will be participating in this workshop will have an opportunity to join and enter their output in our **Scratch Day Competition** on **May 27, 2022**.

Attached to this letter is the workshop training flow and full mechanics of Scratch Day Competition. For interested students, they may register in the QR code provided.

Respectfully Yours,

Ghenzie Mariz F. Lazaga
Marketing Officer

SCRATCH DAY VIRTUAL EVENT

APRIL 2, 2022 - MEET & CODE

This will be the target date to conduct the workshop to the students from different Divisions.

1. Technokids Philippines will conduct a two-hour Workshop about basic to advanced programming using scratch software to the students of different divisions.
2. The School/Division will submit a list of students (Name, School Name, Grade Level, and Email) for the two (2) hours workshop to <https://bit.ly/34ltSSi> on or before March 28, 2022, 5:00 PM.
3. Due to limited slots, a maximum of 10 participants per division are welcomed to join.

GRADE LEVEL	DATE & TIME	Google Meet Link
Grade 3 & 4	April 2, 2022 - (9:00am - 11:00am)	Room 1: meet.google.com/caf-madf-dku  Room 2: meet.google.com/yja-yegx-yig 
Grade 5 & 6	April 2, 2022 - (1:00pm - 3:00pm)	Room 1: meet.google.com/wga-gryy-hjc  Room 2: meet.google.com/zse-oezp-xmq 

Program Flow: Morning & Afternoon

TIME		Activity
Grade 3 & 4	Grade 5 & 6	
9:00 am	1:00pm	Opening Prayer
9:05 am	1:05pm	Workshop Proper -basic to advanced Skills: • Opening and exporting project • Creating new project • Adding sprites and backdrop • Adding different programming blocks • Saving and sending project to email
10:55 am	2:55pm	Closing Prayer

General Guidelines:

- Invited students can visit the TechnoKids social media pages for the complete guidelines and information about the event, including the actual activities the students will create.
- The participants can use either the offline or online Scratch application. For online Scratch, visit <https://scratch.mit.edu/>
- The participating students can create (1) output.
- All participants will receive a digital certificate of participation after submission of the output/s.

Submission Guidelines:

- The participating students will upload their outputs on Google Forms through this link: (<https://bit.ly/3IOwqzP>) together with their full name, grade level, school name, and division level. For scratch jr mobile version, participants will send their outputs directly to email @ deped@technokids.edu.ph using the application.

Note: For offline version, kindly upload the .sb3 file while for online add the link of the project.

- The participant must only submit their output once.

Note: Students required to add directions on how to navigate their outputs.

Activity:

Output (Grade 3 & 4): Be a Storyteller

- Do you have any fun and exciting stories you want to tell to people?
- Create and tell us your fun and exciting stories!

Output (Grade 5 & 6): Unleash your Inner Game Developer

- Do you like to play games? How about creating one?
- Create any type of game you wish to make and let's play it together!

- All entries must be original. Entries copied from the internet will be disqualified;
- Winners will be based on the most number of votes as the best output/s.
- Padlet will be used for online voting.

MAY 27, 2022 - SCRATCH DAY

** More details about this event will be posted in Technokids FB Page.
