Dear Sir:

Greetings of peace and all good!

The Asian MathSci League, Inc. Through your support and enthusiasm, your admirable learners and our partnership have seized remarkable triumphs as we start the year.

This is revealed in the recently released results of the Winter Round and Spring Round of the Mathematics Without Borders (MWB) which was participated by international contenders from 23 countries including Australia, Vietnam, Estonia, Indonesia, Kazakhstan, Canada, China, Nigeria, Romania, Russia, Northern Macedonia, Serbia, Taiwan, Turkey, Uzbekistan, Hong Kong, and Montenegro last January 29, 2022 and March 26, 2022 respectively.

MWB is an international tournament for students aged 8 to 18 years who were divided into nine age groups. Moreover, the Bulgaria-based Mathematics competition is divided into three remote rounds and a final round happening in a year-round cycle.

With this, the privilege is ours to share the roll of the winning student-participants from your Schools Division as attached in this letter.
