Dear *Supt. Idanan*,

Greetings!

This Bureau will conduct a survey on learning loss during the Covid-19 pandemic and the target participants are Grades 7 and 11 students. The results will be used for research purposes to inform policy and practice if students are on track. The data will be collected using a computer-based test (CBT), and this Bureau already conducted the field trial (FT) in December 2021. The main survey (MS) will be conducted next month, February 2022.
