City Mayor
Muntinlupa City

Attention: Juancho H. Bunyi, MD
Acting City Health Officer

Dear **Honorable Mayor Fresnedi**:

Greetings!

This is in reference to the ongoing Philippines Smoking Cessation Program initiated by the World Health Organization in coordination with the Lung Center of the Philippines and Philippine College of Chest Physicians. Through the Health Education Portal of the Johnsons and Johnsons Institute South East Asia, medical doctors who are or intended to be manning the smoking cessation clinics were invited for a virtual training.

The first batch of the training started on April 1, 2022 and ended on April 19, 2022. With the number of participants not able to complete the session, a second batch was opened recently to last until end of May, 2022.

Assistance from other personnel at the health centers in the management of smoking cessation program was considered. In this regard, we are inviting other members of your Smoking Cessation Program team to participate in the Brief Tobacco Intervention (BTI) Training and help the counsellors in providing information on how to quit cigarette smoking effectively. Nurses, midwives and other allied medical professionals who are assigned at smoking cessation clinics are qualified to attend this training. Attached is the Participants Nomination Form which is requested to be returned the soonest possible time. Training details, including the link to the activity, will be sent to the accepted participants upon approval of the organizing committee.

For any concern on this regard, you may contact Ms. Jasmin Lagahit, Project Manager of the MMDA-Smoke Free Environment Campaign, through email at mmda.blm@gmail.com, or through telephone numbers 8882 4151 to 77 local 1129 or 0908 5647916.

Thank you.

Very Truly Yours,
