### **PROGRAM/ COURSE PROFILE**

#### **Title: Hybrid Regional Training of Trainers on Comprehensive Sexuality Education (CSE)**

##### **Rationale:**

Comprehensive sexuality Education (CSE) is defined as an inclusive, age-appropriate, culturally relevant approach to teaching and instruction about sexuality and relationships by providing scientifically accurate, realistic, non-judgmental information (UNESCO 2009). The essentials of CSE is to equip and enable learners and young people with the knowledge, attitudes, values and skills necessary for making healthy informed choices about their sexual and reproductive lives and relationships (UNFPA 2014).

Comprehensive sexuality education seeks to:

- Increase learners' knowledge and understanding
- Clarify values and attitudes and enhance self-esteem
- Develop or strengthen life skills
- Develop critical thinking to reduce risks related to poor health outcomes

Studies show that effective comprehensive sexuality education programs can:

- Reduce misinformation
- Increase correct knowledge
- Clarify and strengthen positive values and attitudes
- Increase skills to make informed decisions and act upon them
- Improve perceptions about peer groups and social norms
- Increase communication with parents or other trusted adults

Research also shows that CSE can help to:

- Abstain or delay the debut of sexual relations;
- Reduce the instances of unprotected sex, sex of material gain, unwanted pregnancies, and harmful practices including GBV and HTPs.
- Reduce the number of sexual partners; and
- Increase the use of protection against unintended pregnancy and STIs during sexual intercourse.

Having well-trained, supported and confident teachers who will deliver good quality CSE is critical to leverage such opportunity. Equipping teachers with the knowledge, skills, and comfort level, as well as providing them with a stronger professional development and support, will help ensure that learners receive accurate and age-appropriate information that will enable them to make healthy, informed choices, about their sexual and reproductive health and overall well-being and help them achieve their full potential.

As public schools transition to recovery and alternative modalities like blended learning to hyflex learning dimensions; the regional training of teachers for this coming school year 2022-2023 in strong partnership with Commission on Population-NCR, UNFPA and CHSI has successfully organized a hybrid webinar in June 2022 for regional learning area supervisors and CSE focal persons.

At the end of the hybrid regional training, the participants will be able to:

- Identify and analyze core contents, standards and learning competencies of the enhanced Comprehensive Sexuality Education;
- discuss and examine CSE readers and lesson plan exemplars for classroom integration;
- familiarize with the monitoring and evaluation tools of CSE;
- simulate the CSE teaching and learning resources for teachers, learners, and parents/ guardians

Professional Standards Covered:

- Domain 1, Content Knowledge, and Pedagogy (Strands 1,2,5,6,7)
- Domain 2, Learning Environment (Strands 1-6)
- Domain 3, Diversity of Learners (Strands 1-4)
- Domain 4, Curriculum and Planning (Strands 1-5)
- Domain 5, Assessment and Reporting (Strands 1-5)
- Domain 6, Community Linkages and Professional Engagement (Strands 1-4)
- Domain 7, Personal Growth and Professional Development (Strands 1-5)
