Dear Sir,

Greetings!

May this letter find you in good health!

In recent decades, research has emphasized the importance of building and maintaining a high-quality teaching force in improving the quality of teachers, which has a direct impact on the academic achievement of students. Furthermore, one of the main goals of education is to improve the teachers' pedagogical content knowledge and skills so that they can better facilitate learning in the classroom, especially now that we are living in a new normal where everything the teacher says or explains can be recorded and used as a reference for education. In line with this, to help the teachers gain confidence and competence in teaching concepts in the different areas of learning, the ArCH Teacher Training and Development Services will conduct a series of International Webinar-Workshop for Teaching in the Content Areas. The webinar will be conducted from August 15, 2022, to August 30, 2022. Moreover, with the pandemic still prevalent in our country, we would like to deliver the training of the teachers through a hybrid modality, wherein the instruction and learning activities will be given in both face-to-face (Sun Star Grand Hotel, Quiapo, Manila) and online modalities (Zoom) in which the safety of our team, and our participants is our utmost priority. Hence, it is rest assured that we will observe the necessary safety measures as well as the IATF guidelines for health protocols.

The target participants are teachers, master teachers, and head teachers from both private and public schools. The registration fee is and 3000php to cover the administrative cost, honoraria for the speakers, modules, food (for opening, and culminating activities), and certificates.

For this reason, we would like to seek your help in disseminating this information to educators in your jurisdiction via an advisory or a regional letter.

Very truly yours,

Mr. Arnel C. Hernandez
