Dear **Ms. Oblinada**:

The Department of Science and Technology - Science Education Institute (DOST-SEI) is implementing the **“Indie-Siyensya Filmmaking Competition.”** The science filmmaking competition intends to promote and develop a culture of science among the youth and the general public using film as a medium.

The Indie-Siyensya is again open to all Filipino high school students and out-of-school youth, teachers, amateur filmmakers, and science professionals, who may join as individuals or in groups, to create films that will capture their perspectives on how science is integrated into the lives of Filipinos, including its contribution to development.

In this regard, we would like to invite your students to join the Indie-Siyensya Youth Category by creating a 10-minute science explainer video that follows the theme: **“Communicating Climate Change.”**

The filmmaking competition is also open to your teachers who would want to create a 10-minute short film that captures the theme: **“Communicating Climate Change Action,”** under the Open Category. Below are the links to the entry form and full contest mechanics:
