Advisory No. 229, s. 2022
September 21, 2022

SEP 22 2022

In compliance with DepEd Order (DO) No. 8, s. 2013
This advisory is issued for the information of DepEd officials, personnel/staff, as well as the concerned public.

THE FUTURE IS BRIGHT WEBINAR

Attached is a letter from Mr. John Mervin L. Embate, Director, and Ms. Janette H. Malata-Silva, Vice Chancellor for Student Affairs, UPLB Learning Resource Center, dated September 19, 2022, re: The Future is Bright Webinar, contents of which are self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No Selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

Dear **REGIONAL DIRECTOR CABRAL**:*Mabuhay!*

We would like to request your office to kindly extend our invitation to junior and senior high schools from **National Capital Region (NCR)** to attend the "**The Future is B.R.I.G.H.T.!: Build, Revitalize, and Innovate for a Greater Humanity Tomorrow**" on **Saturday, 01 October 2022 from 8:30 AM to 4:00 PM** via Zoom and Facebook live (*please see attached proposal and publicity materials*).

Several longitudinal studies have shown that teenage career aspirations are a good predictor of students' jobs as adults. However, some might be confused or undecided about their career paths.

To better prepare the students for their future post-pandemic, the Center intends to conduct a webinar under the **U.P.L.B. Recruitment Program for the Best and the Brightest (R.P.B.B.)** for Grade 11 and 12 students. It will feature meaningful opportunities available for them when they choose to take up the academic track and pursue a degree in U.P.L.B. Specifically, the sessions will highlight agriculture, forestry, veterinary medicine, statistics, human ecology, and nutrition courses.

The program will also include key trends transforming the workplace and future careers. A career reflection will also encourage students to reflect on who they are and what they want to become. Likewise, we would like to inform them regarding the U.P.L.B. admission process, scholarships and financial assistance, and other student support services.

Students who are interested can pre-register at <https://tinyurl.com/TheFutureisBRIGHTReg>. Zoom attendees will be admitted on a first-come, first-served basis (first 500 people), while others can join via Facebook live streaming.

Ms. Sheryl Edd P. Hermosa-Ebron, University Extension Associate and UPLB Recruitment Program Coordinator, would gladly entertain your questions and other concerns. She can be reached directly through email at spherrosa@up.edu.ph or mobile at **0927-055-7461 / 0947-841-5472**.

Sa ngalan ng mga susunod na Iskolar Para sa Bayan na ating pinaglilingkuran, marami pong salamat sa inyong suporta!

Sincerely,

The Future is B.R.I.G.H.T!

Build, Revitalize, and Innovate for a Greater Humanity Tomorrow
UPLB Recruitment Program for the Best & the Brightest

Rationale

Globally, today's graduates are more qualified than any previous generation. They even have more schooling than their parents or grandparents. However, academic success alone has not been enough to ensure a smooth transition into suitable employment for many young people.

Apart from that, the challenges posed by the Fourth Industrial Revolution are widely recognized, from keeping up with the pace of technological innovation to ensuring that young people are prepared to thrive in this new era. The World Economic Forum (WEF) estimates that by 2030, nearly 75 million jobs will have been displaced by technology and automation alone.

In terms of career choice, the 2018 OECD Programme for International Student Assessment (PISA), revealed that jobs with origins in the twentieth century or earlier are overwhelmingly appealing to young people, including professions such as doctors, business managers, lawyers, engineers, and ICT professionals (Mann et al., 2020), making agriculture and agriculture-related courses unappealing to the younger generation.

Moreover, the PISA survey indicates that young people from disadvantaged backgrounds are more likely to be confused about the relationship between education and career prospects. With young people staying in school longer than ever and the labor market automating at an unprecedented rate, students require assistance in making sense of the world of work.

To better prepare the students for their future post-pandemic, the Center intends to conduct a webinar series under the UPLB Recruitment Program for the Best and the Brightest for Grade 11 and Grade 12 students. It will feature meaningful opportunities available for them when they choose to take up the academic track and pursue a degree in UPLB. Specifically, the sessions will highlight agriculture, forestry, veterinary medicine, statistics, human ecology, and nutrition courses.

The program will also include key trends transforming the workplace and future careers. A career reflection will also encourage students to reflect on who they are and what they want to become. Likewise, we would like to inform them regarding the UPLB admission process, scholarships and financial assistance, and other student support services.

Proposed Webinar Outline

The program will be a one-day event followed by an evaluation. The Center intends to broadcast them live (via Zoom and Facebook Live) and record them simultaneously on **Saturday, October 1, 2022**. The recordings will be available on LRC's Facebook page and YouTube channel. Our expected participants will be students in Grades 11 and 12, but students from other grade levels, including parents, are welcome to attend. Everyone has access to the recorded materials. The webinar matrix is shown below, along with suggested topics, resource people, and the duration of each session.

WEBINAR SERIES	SUGGESTED TOPIC/CONTENT	RESOURCE PERSONS	DURATION
Opening Remarks		Dr. Janette H. Malata-Silva <i>Vice Chancellor for Student Affairs</i>	01 October 2022 8:30 – 9:00 AM
Inspirational Message		Dr. Jose V. Camacho <i>Chancellor</i>	
Short Energizer	Mentimeter	Ms. Sheryl Edd P. Hermosa-Ebron , <i>UEAI/Webinar Moderator</i>	
SESSION 1: Career Choice: Passion vs. Reason?	<ul style="list-style-type: none"> Tips for choosing a college degree, including how to determine which one is right for you Should one follow their passion or choose a path more likely to result in financial success? What activities should students participate in to help them align their interests with their dream job/career? Question & Answer 	Mr. Brian Carlo Hipolito <i>Human Resources Officer – Asian Infrastructure Investment Bank</i>	9:00-9:30 AM

Proposed Social Media Strategy

To further promote the RPBB, a social media campaign will run for two weeks entitled: "Why Choose UPLB?" featuring following content:

- Tiktok video of key persons from UPLB answering Why a student should choose UPLB?
- Tiktok video of students (from each college) answering Why UPLB?
