Sir,

Good day!

APOLWENG CERAMIC PRODUCTS MANUFACTURING has several ceramics of various designs ready for painting. Art ceramics. Due to pandemic our learners experienced different challenges, some of them are longing for family members, friends, and even classmates. Thru this painting activity it can be an avenue to help them in coping with different struggles they experienced. It can inspire and motivate them to perform well in school during in person classes. It can also develop their art skills, creativeness, and perseverance. It gives every individual the chance to express their creativity, fun, and ideas in selecting colors, blending, and painting. The materials are non- toxic (water based); hence it is safe to use.

Since our town, Angono, Rizal is the Art Capital of the Philippines, we would like to encourage our children to enhance their ability in painting and to promote the love in painting. A percentage of the profit will proceed to our activity "Art Painting for a Cause" through giving school supplies, health kit and school uniforms to selected indigent students in the school.

In this regard, may we request another consideration to approved us again for the updated issuance of an advisory endorsement that will allow us to offer our products. Rest assured that we will comply for any rules and policies of the Department of Education. Attached herewith are some proofs that students enjoyed our art program.

We are looking forward for your positive approval and recommendation.
