RE: DALOY DUNONG ONLINE – WEBINAR ON CREATIVE TECHNIQUES TO TEACH W.A.S.H. (WATER, SANITATION AND HYGIENE) FOR EDUCATORS

Dear Dr. Sedilla,

Maginhawang araw!

May we invite your institution to partner with us for *Daloy Dunong Online*, a series of webinars for teachers and education managers with the aim of sharing creative techniques to teach W.A.S.H. (water, sanitation and hygiene) concepts and related environmental concerns.

Our pool of speakers is comprised of seasoned engineers, educators, health professionals and community workers who, apart from leading water and sanitation infrastructure projects, are also heavily involved in the company's education initiatives. We will also be joined by artist-trainers who spent years teaching communities about water and sanitation. Maynilad is intensifying these efforts in response to DepEd and the national government's call to strengthen W.A.S.H. infrastructure and information-education-communication (IEC) initiatives as part of overall strategies to fight the COVID19 pandemic.

Daloy Dunong Online is a sister project of Maynilad's *Daloy Dunong* campus tour, a multi-awarded education program that has transformed more than 150,000 students into advocates for water, health and the environment touted as Water Warriors. *Daloy Dunong* has earned the support of more than 540 schools, as well as six government agencies and non-profit organizations, for offering life skills-based education that supplements what children learn in classrooms. These engagement methods were extensively expanded in *Water: Nature's Precious Gift*, a K12-compatible 15-module package developed in partnership with the UP National Institute for Science and Math Education. Among our objectives are to encourage teachers to take advantage of these modules, tap creative ways to teach simple to more complex W.A.S.H. concepts based on grade level, as well as enrich their knowledge on current water supply challenges that our country continues to face.

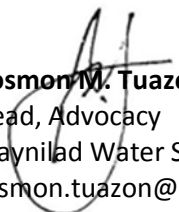

Should you find merit in partnering with us, among the support that we will request from your institution is to identify and ensure the participation of **30 teachers and/or education managers** in a **half-day Zoom webinar** scheduled on **October 20, 2022 (Thursday) at 8:30- to 11:30-am**. Certificates and other incentives will be provided to the participants.

Attached with this letter is a program briefer. Please feel free to contact the undersigned or our **Advocacy Education Officer, Ms. Mayna Salindong** at 0917-8174411 / mayna.salindong@mayniladwater.com.ph if you wish to discuss the details of this potential collaborative effort with you.

Praying for your support and continued health!

Sincerely,

Rosmon M. Tuazon
Head, Advocacy
Maynilad Water Services, Inc.
rosmon.tuazon@mayniladwater.com.ph

DALOY DUNONG ONLINE PROGRAM FLOW (8:30-am to 11:30-am)

05-mins – **Introductions**

05-mins – **AVP/reminders**

10-mins – **Workshop Brief** by Rosmon Tuazon (Maynilad)

20-mins – **Strategies for Stronger Engagement in W.A.S.H. Education**
by Dr. Oliver Sta. Ana (Maynilad Water Academy)

35-mins – **Creative Ways to Teach W.A.S.H. Part I** by Ony Carcamo

05-mins – **AVP/break**

20-mins – **Hygiene Education and Behavioral Nudges**
by Andrea Beatriz Lee-Llacer (DOH)

15-mins – **New Water: Wastewater to Drinking Water** by Engr. Edmundo Llagas (Maynilad)

35-mins – **Creative Ways to Teach W.A.S.H. Part I** by Ony Carcamo

05-mins – **Closing reminders**

Maynilad

DALOY DUNONG ONLINE 2022

Program Brief for DepEd-SDOs

Daloy Dunong

is Maynilad's community-based W.A.S.H. education program. The effort anchors the value of clean water and proper sanitation to the daily realities of young customers.

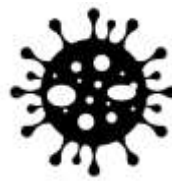

Bagging 2 international and 5 local awards in the last 10 years, Daloy Dunong partnerships were forged with 6 organizations and converted more than 150,000 kids and 2,313 educators into advocates touted as **Water Warriors**.

Daloy Dunong mainly targets public school students, who are also beneficiaries of Maynilad's *ginhaW.A.S.H.* infrastructure projects. **Education managers and parent-facilitators are key audiences too.**

Good hygiene and sanitation habits are among the core learnings imparted through *Daloy Dunong*. These practices form our first line of defense against the spread of diseases especially in public spaces like campuses.

Daloy Dunong has been teaching lifeskills like handwashing even before such positive habits became survival skills in the time of COVID19.

PANDEMIC CHALLENGES	NEW NORMAL STRATEGY
• Limited face-to-face gatherings • No in-campus classes in SY 2020-2021; blended/hyflex learning in 2022 • Because and in spite of the pandemic, the youth, community leaders, and health and education professionals—including teachers—are willing to keep learning about W.A.S.H. concepts, which can be integrated in their own teaching and communication activities	• <i>Daloy Dunong Online</i> capacity-building workshop for educators and health officials • <i>Daloy Dunong Campus Tour</i> for students • Enable participants to comply to directive to enforce health and hygiene practices, especially in public spaces • Stronger partnership with DepEd-Head Office and the SDOs • Involve groups and agencies to better push W.A.S.H. and environment advocacy • Sustained engagement thru the <i>Water Warrior PH</i> facebook page

DALOY DUNONG ONLINE

W.A.S.H. Workshop

Objectives

- To train and inspire educators to employ tools such as storytelling, music, theater and other creative techniques to fully engage students in teaching W.A.S.H. concepts
- Introduce Maynilad-produced tools such as “Water: Nature’s Precious Gift” as supplementary W.A.S.H. teaching modules
- Highlight the role of water and wastewater solution providers like Maynilad in responding to the W.A.S.H. needs of large urban centers
- Build partnerships with customers, communities, government and advocacy groups

DALOY DUNONG ONLINE PROGRAM FLOW (8:30-am to 11:30-am)

05-mins – **Introductions**

05-mins – **AVP/reminders**

10-mins – **Workshop Brief** by Rosmon Tuazon (Maynilad)

20-mins – **Strategies for Stronger Engagement in W.A.S.H. Education**
by Dr. Oliver Sta. Ana (Maynilad Water Academy)

35-mins – **Creative Ways to Teach W.A.S.H. Part I** by Ony Carcamo

05-mins – **Closing reminders**

Two (2) Daloy Dunong Online batches for 2022

- Batch 1 with 7 SDOs (Malabon, Navotos, Valenzuela, Caloocan, Quezon City, Manila, Pasay)
- Batch 2 with 7 SDOs (Las Pinas, Paranaque, Muntinlupa, Imus, Bacoar, Cavite City, Cavite Province)
- Target no. participants per SDO = 30
- Target no. of participants per implementation (7 SDOs X 30 participants) = 210 participants per batch
- Total no. of participants for DDO 2022 = 420 participants
- Target months of implementation: October-November 2022

Impact Gauges

- Training evaluation tool (e-survey) to be given right after the webinar
- Same set of participants will be invited for another webinar of complementary theme. An FGD will be conducted to determine if they were able to practice or retain what they learned from the 2022 webinars.
