CAREER ORIENTATION, FAIR AND TALK ACTIVITIES FOR GRADES 10 AND 12

Attached is a letter from Ms. Maribel T. Medes, Account Manager, Informatics College, dated November 18, 2022, re: Career Orientation, Fair and Talk Activities for Grades 10 and 12, contents of which are self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No Selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

DR. CARLEEN S. SEDILLA, CESO V
School Divisions Superintendent
DEPED – Muntinlupa Division
Muntinlupa City

Dear **Dr. Sedilla:**

Hope you are well! Greetings from Informatics Philippines.

As we remain focused with our commitment in delivering valuable education that will lead the students in employability and sustainability in which our utmost priority, **Informatics College Northgate** would like to continue its collaboration with the prestigious school/institution within your division by taking part in their **Career orientation, Career fair, and Career talk activities for Grades 10 and 12 students.** This is to help and assist students who are unaware of the career opportunities available to them and those who are still uncertain of the career routes after senior high school and beyond.

Informatics is a Singapore-based institution that provides valuable and quality education to individual in Senior high, colleges and diploma courses as well as training synchronous and asynchronous. We have been in the Philippines for over 25 years now and have numerous successful graduates here and abroad. We also have trained over 600,000 Filipinos and more than 500 top corporations.

We will ensure that your students will advance their knowledge and skills with the help of our IT partners and by using excellent and award-winning platforms.

In line with this, ***we would like to request for endorsement*** to follow procedure and to enable us to reach out students through virtual or face to face Career Orientation. For more info here's my contact details. Facebook page: [@info.Alabang](#) / [@InfoCollegePhilippines](#) , Email add: mguese@informatics.com.ph , Mobile # **09605597866/09695385212.**

Thank you and we are Looking forward for your approval.

Maribel T. Medes
Account Manager

SHS STRANDS

ICT

A strand that prepares you for a career in Information and Communications Technology and equips you with advanced skills in computer systems, programming, and creating web pages and basic animation.

ABM

This strand will introduce you to the fundamentals of business, accounting, marketing, and economics, in line with the digital trend that will enable you to think big as you prepare for a more digital corporate world in the future.

HUMSS

A strand that IT-fies your skills in creative writing journalism, communication, politics and governance, and social sciences through the best possible technological means.

GAS

A generalist approach in preparing students for college that covers various disciplines like Humanities, Social Sciences, Organization and Management.

★ INFORMATICS ★
SENIOR HIGH
Grades 11 & 12

WHY INFORMATICS

Because the world recognizes Informatics

Informatics has everything you need for a world-class education.

From better equipment and facilities to a more conducive environment, Informatics gives you the edge. Only Informatics has affiliates all over Asia, Europe and Africa.

Everything you need for a *world-class Senior High education*. Only at Informatics.

“GLOBALLY RECOGNIZED.”

“WORLDWIDE PRESENCE.”

“EVERYTHING I.T.”

Informatics is the only I.T. school in the country where students gain *International Certifications* and *Global Recognition* upon graduation from Diploma and Advanced Diploma Courses.

WHY CHOOSE INFORMATICS SENIOR HIGH?

BE A BETTER YOU: Informatics' ICT driven curriculum allows you to acquire skills that can boost success in your chosen career in the future. Knowledge in digital technology is now considered an essential skill in most workplaces.

BE AHEAD OF YOUR PEERS: ICT jobs are not only in great demand in the job market today, but they also pay more than the average entry-level careers.

CREATE YOUR FUTURE: ICT allows you to create digital solutions that provide faster and more efficient alternatives. Facebook, Uber, Twitter – these are all ICT innovations that have changed everyday lives.

BE YOUR OWN BOSS: ICT skills allow you to work in the comforts of your own home while earning possibly more than the ones who commute daily and spend 8 hours at the office.
