Mr. Wilfredo E. Cabral
Regional Director
National Capital Region
Department of Education

Subject: Request for DepEd Advisory for Reading at the Frontline Conference 2023

Dear Mr. Cabral,

Greetings!

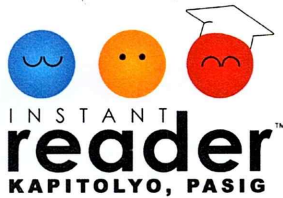

We are Instant Reader™ Kapitolyo Pasig branch, offering a proven Reading Program that caters to digital learners of this generation. Our advantage over all the other reading programs is that we enable any average non-reader to read in just 20 days at the level of a Grade 1 Student.

For the past years, it shows that 9 out of 10 children in the Philippines at late primary age are not proficient in Reading, Science and Math. There has been an overwhelming learning crisis in low- and middle-income countries even before the Covid-19 pandemic. This report is truly a serious concern which calls for immediate action since reading is the foundation of learning. Our desire is to be of service to the community and to take part in DepEd's laudable initiatives in helping our students rise above this plight.

This prompted our team to boldly come up with conference on Reading Comprehension and Literacy entitled **Reading at the Frontline, No Child Left Behind** for academicians, school directors, principals, and teachers within Pasig and other parts of the Philippines to be conducted on **March 24, 2023 at Tanghalang Pasigueño**. This conference will feature expert resource speakers who will tackle relevant topics related to the current state of reading education in the country and how our program, Instant Reader, can intentionally work together to eradicate this problem as one nation.

We want to share and spread this good news with more people thus extending this invitation to your division and teachers. On behalf of the Instant Reader Team, we would like to humbly ask your good office for any **form of**

Teaching the world to read and speak English the fastest and most effective way.

advisory/endorsement for voluntary participation of teachers, reading coordinators, principals, DepEd personnel from NCR to join the conference. A separate document is provided for the complete details and matrix of the conference.

We would like to appeal also for you to be our guest. We have nothing but the best intention to share the missing link to teach Reading and finally help address the lingering struggle of many Filipino students to acquire and master this very significant skill that they will ever learn in their lifetime!

Instant Reader™ Kapitolyo with our program developer and owner Teacher Veronica "Vicki" Arioder is here reaching out to our nation for this very noble cause! Pilipino Muna Bago ang Iba!

This is a movement that would have a significant positive effect not just to the beginning and struggling readers in our nation.

Feel free to contact us (0917) 107 3248 for further questions or let me know if you want to set up an appointment to discuss the event further.

Thank you.

Very truly yours,

Ernalyn Daung
