MATHEMASCIAN 2023

Attached is a letter DepEd NCR Advisory No. 094, s. 2023 dated March 20, 2023 on the above-captioned title, contents of which are self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subjected to the no-disruption-of-classes policy stipulated in DepEd Order. 9, s, 2005 entitled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No collection and No Selling of Ticket Policy” stipulated in DepEd Order Nos. 19 and 40, s, 2008 and RA Nos. 4206 and 5546.

MATHEMASCIAN 2023

In reference to the attached letter from the U.P. GURO: Mathematics and Science Teaching Society, they will be conducting **MATHEMASCIAN 2023** with the theme *TRANSFIGURE: Remodel Education, Elevate Lives* which will feature 3 sub-activities - a poster-making contest, an essay writing contest, and mathematics and science quiz - on **April 22, 2023 at the University of the Philippines Los Banos.**

The series of contests will cater to Senior High School learners taking up STEM strand. It targets to exercise the general knowledge of learners on general science and mathematics courses found in the K to 12 STEM curriculum.

Dr. Malcolm S. Garma, EdD
Regional Director
Department of Education – National Capital Region

Dear Dr. Garma:

Warmest greetings of good health and joy!

The **U.P. GURO: Mathematics and Science Teaching Society** (U.P. GURO) is a duly recognized academic organization exclusive for Mathematics and Science Teaching students at the University of the Philippines Los Baños (UPLB). U.P. GURO envisions serving the nation by equipping BS Mathematics and Science Teaching students with the necessary knowledge, skills, and values for teaching, and molding them to become proactive, responsible, competitive, and productive individuals who will be instrumental in nation-building, and the promotion of better education for the Filipino learners.

In accordance with our mandate principles to promote the development of teaching mathematics and science, together with upholding excellence through deeper appreciation of these subjects, the organization will be conducting **MATHEMASCIAN 2023** with the theme **"TRANSFIGURE: Remodel Education, Elevate Lives"**. This face-to-face event will be held on **April 22, 2023**, at the **University of the Philippines Los Baños**.

This culminating activity, under our GURO Week 2023, is a series of contests catered to **senior high school students taking up Science, Technology, Engineering, and Mathematics (STEM) strand from CALABARZON and the National Capital Region**. It ultimately targets to exercise the general knowledge of the participating students by providing questions lifted from the General Science and Mathematics courses found in the STEM curriculum under K-12. This momentous event specifically aims to: provide an avenue for the high school students to express their competitiveness with their knowledge in the fields of mathematics and science; help the students boost their interest in Science, Technology, Engineering, and Mathematics (STEM) strand of the K-12 curriculum; build the organization connections with other high schools, state universities, and colleges; and establish the identity of U.P. GURO to all its networks as instrumental in providing significant information vis-a-vis shifting to the new normal education.

This event will feature three (3) sub-activities – a poster making contest, an essay writing contest, and a mathematics and science quiz contest – all of which will put emphasis on honing the interests and comprehension of the students in mathematics and sciences relative to the theme of the whole event.

For this to successfully happen, our organization would like to seek your revered body of Department of Education – National Capital Region's letter of endorsement. We believe that with your endorsement, this event will be much more capable of executing its objectives and its best interests especially for our participants, and to the masses we serve at large.

Should you have any concerns and/or clarifications, you may direct to us through our official email at upguro2005@gmail.com, or contact **09195015796**.

Thank you very much. We are hoping for your favorable consideration and response.

Best regards,

VINCENT GABRIEL C. JUSTO
Secretary
U.P. GURO: Mathematics and Science Teaching Society
