MEMORANDUM

SCHOOL-BASED PROCUREMENT OF DEWORMING TABLETS

To: OIC-Assistant Schools Division Superintendent
Chief Education Supervisor, Curriculum Implementation Division
Chief Education Supervisor, School Governance and Operations Division
Public Elementary School Heads/OICs
Administrative Officer V
All Others Concerned

1. Attached is a letter from Dr. Cherry H. Navidad, Integrated Helminth Control Program (IHCP) Coordinator, dated May 2, 2023 on the above-captioned title, the contents of which are self-explanatory, for the information and guidance of all concerned.
2. In this regard, all schools are requested to procure their own deworming tablets for the continuous deworming of the learners using the Clinic Fund, WINS MOOE Fund, and a portion of the Supplementary Feeding Fund.
3. Schools must ensure the following precautionary measures prior to the intake of the deworming tablets, pursuant to DepEd Memorandum No. 80, s.2015:
 - Signed parental consent must be secured.
 - Children must not take the deworming drugs on empty stomachs.
 - Albendazole or Mebendazole is not recommended if the child has a high fever, abdominal pain, and previously suffered hypersensitivity to the drug.
4. Attached is the prescription for the said tablets, for reference.
5. Immediate and wide dissemination of this Memorandum is desired.

Dear Ma'am Ladines,

Good day!

This is to inform your good office that DOH will not be allocating deworming tablets to LGUs anymore in lieu of the devolution.

Currently, there is a stockout of Albendazole tablets at the City Health Office and Health Centers. We are still awaiting for the procurement by the City government, if there are available stocks in the market.

You may opt to procure your own deworming tablets for the continuous deworming of our school learners to prevent and treat helminth infections. Attached is the prescription for the deworming tablets.

Thank you.

Sincerely,

CHERRY H. NAVIDAD, MD
