We would like to express our sincerest gratitude in continuously co-sponsoring the conduct of **2023 Muntinlupa City Robotics Fair and Exhibits on November 14-16, 2023**, together with the DOST-NCR, and De La Salle Santiago Zobel School. As agreed on our previous meeting, our theme for this year is **"Harnessing Industry 5.0 through Human-AI Collaboration toward Smart, Green, and Sustainable Development"**.

This event seeks to enjoin different public and private schools in MUNTAPARLAS Cluster reinforce their awareness in science, technology, and innovation through interactive, fun, and challenging application of cutting-edge robotics and exhibits activities. It also aims to spark awareness and interests among students and professionals to design, innovative, and improve robotic technologies in making possible solutions to problems related to current environmental concerns/issues.

In line with the conduct of this event, we are inviting your school to participate in the activities of the Robotics Fair and Exhibits. It will be composed of 3D Printing Competition, Robotics Exhibits (such as Drone's Exhibit), Robotics Competition, Robotics Cosplay Competition, Science QueST Quiz Show, interactive Workshops, and various seminars.
