20 FEBRUARY 2024

DR. EVANGELINE P. LADINES, CESO V
Schools Division Superintendent
City of Muntinlupa

Dear **Dr. Ladines,**

Greetings!

NUTRIMIN can help ensure children who often don't eat well-balanced diet that they are getting the vitamins and minerals they need. It may also support healthy growth and development.

In relation to this, may we respectfully endorse a letter from RMBZ Health Reform Marketing Corp. offering NUTRIMIN health drink to every Filipino school child in order to provide a healthy food environment in the schools.

For your kind consideration.

Yours truly,

JUANCHO H. BUNYI, MD, MPH
Officer-In-Charge
City Health Office

FOOD MANUFACTURER

Dear Mam/Sir:

We are writing to provide a letter of intent from RMBZ Health Reform Marketing. The time and energy afforded by you and your team are greatly appreciated in discussing the wonderful benefits of Nutramin for the children in the Philippine public schools.

Our humble company offers NUTRAMIN as a sugar-free health drink in every school. NUTRAMIN uses steviol glycosides, a natural sweetener for children to enjoy. NUTRAMIN also contains Sodium Ascorbate, ZEOLITE, for that additional nutritional value.

RMBZ Health Reform Marketing strongly believes that NUTRAMIN will help students to be more efficient and healthier as their sugar intake is reduced, if not, eliminated. The school children consuming NUTRAMIN can prevent some diseases that causes high sugar intake such as Urinary Tract Infection, Tonsillitis, and Diabetes. A sugar-free drink such as NUTRAMIN is also beneficial for behavioral changes, since sugar can also contribute to the mood stability of the consuming school children. NUTRAMIN also contains ZEOLITE, a detoxifier, that acts on heavy metals inside the body. It also kills bacteria and viruses, and it can also remove EMF radiation, which is emitted by gadgets.

This transaction will greatly benefit the Filipino school children, and it is because the goal of our company is to provide a healthy food environment in the schools.

We are very excited about the huge potential to change the food environment of the Philippine schools. We look forward to working with you as we make this change hand in hand. We take pride in the product we highly recommend and whatever the circumstances, we are more than willing to present at any given time.

Sincerely,

Rene M. Bautista, DPH, DSc., MD(AM)

NutraMin

Fruit Drink

Nutramin

- Nutramin is a fruit drink with **Sodium Ascorbate** and **Zeolite**.
- With added Acerola, Dragon Fruit, Guyabano, Mangosteen, Malunggay, and Wheat Grass Extracts.
- Sweetened with Steviol Glycosides.

Why choose
Nutramin?

1.

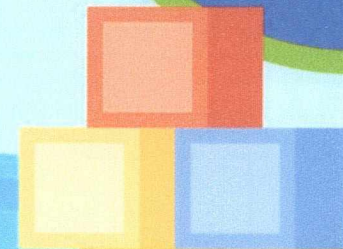

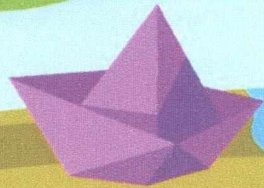

Supports the
body's **immune
system**

2.

Blocks
radiation and
EMF
(Electric and Magnetic
Field)

3.

Detoxifies
chemicals, heavy
metals, and
insecticides

1.

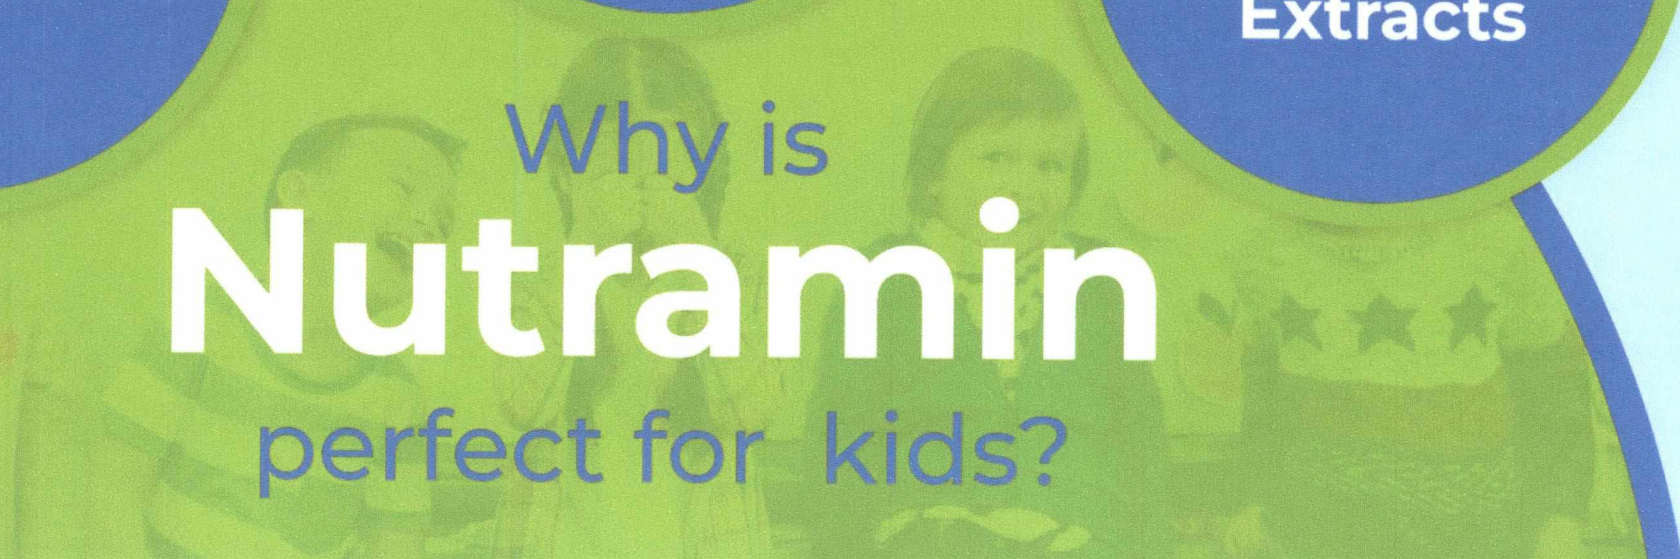

Contains
Vitamin C

2.

Has a
unique flavor

3.

Contains
**100% Juice
Extracts**

Why is
Nutramin
perfect for kids?

ACEROLA

MANGOSTEEN

The benefits of

ZEOLITE

Some of Zeolite's Benefits:

- A master detoxifier of chemicals, heavy metals, insecticides, and radiation (EMF).
- Balances the body's PH, essential for good health.
- Removes toxins from the body.
- Detoxes and brings your body back into balance.
- Binds to toxins.

The benefits of **ZEOLITE**

Capture and Eliminate Toxins

Zeolite attracts and captures (for elimination) toxins and other harmful substances like free radicals.

Helps Eliminate Heavy Metals

The constituents in zeolite has a high affinity for trapping these heavy dangerous metals, creating a dramatic effect in the risk reduction of certain cancers and heart disease.

Eliminate Carcinogens

Zeolite helps fight cellular attack caused by free radicals and other toxins.

Aid Healthy Digestion

Ammonia is toxic to the cells and zeolite reduces the damage to the intestinal epithelial cells. This helps the "good nutrient" absorption factor.

Helps Fight Cancer

Zeolite is deemed 100% safe and non-toxic by the FDA. It can activate certain healthy physiological responses without any negative effects.

The benefits of **ZEOLITE**

Help Balance pH Levels

The zeolite cage system can exchange for varying excess ions found in the zeolites immediate environment.

Super Antioxidant

Zeolites act as part of the antioxidant network, relieving some of the work and breaking the oxidative damage chain rection.

Strengthen Cardiovascular System

The cage structure of zeolite may help to trap free radicals, thereby inactivating them and preventing further damage to the surrounding tissue.

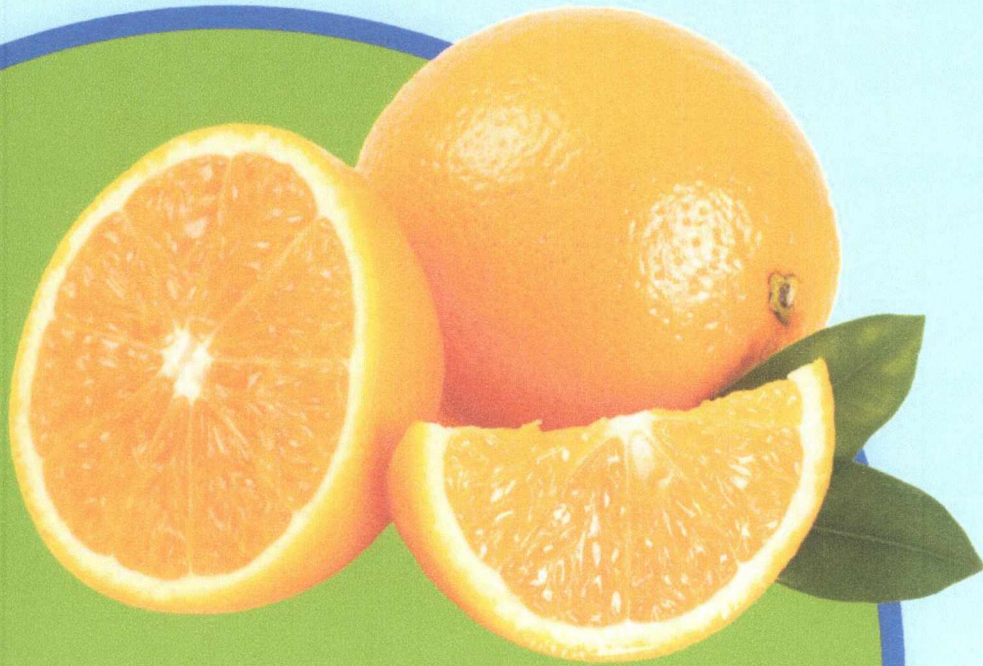

Strengthen Immune System

Zeolite is also antiviral. Zeolite helps this process in diverse physiological ways, using dramatic biological mechanisms.

Sharpen Mental Activity

Zeolite is a different type of antioxidant than vitamins A, C, E, and Selenium, considered the network antioxidants. These antioxidant can neutralize free radical by giving or taking an electron without becoming dangerous themselves. Zeolite does not act this way.

The benefits of **VITAMIN C**

A Natural Antioxidant

It reduces free radicals formed in the body, and helps prevent from damaging children's healthy body cells.

Aids in Healthy Bone Growth

An important function of vitamin C is aiding the healthy growth and the development of children's bones and teeth.

Supports Skin Health

Maintains collagen formation as well as supports connective tissue health.

Supports Immune System Health

One of vitamin C's best-known functions is its role in supporting healthy immune system function and maintaining immune system health.
