1. The Matatag Curriculum for Kindergarten education states that a learner-centered curriculum aims to develop holistic learners equipped with foundational skills imbued with physical, social, emotional, cognitive, and values development. This is attained through play-based learning which is anchored on the developmentally - appropriate practices and theories with consideration of learners' expanding environment toward life-long learning.
2. In line with this, the above-mentioned activity will be conducted in partnership with PTC-CSJ and Synergeia Foundation to provide the teachers with contextualized reference/teaching-learning resources. This will be on March 5, 2024, at Tunasan National High School from 7:30 a.m.-12:00 noon and 1:00 p.m.– 5:00 p.m.
3. Relative to this, all elementary schools are allotted four kindergarten teacher-participants. Two teachers will attend in the morning while the other two shall attend in the afternoon session to avoid disruption of classes. Participants are advised to do advance readings and research regarding kindergarten play-based activities, Preferably, softcopies of the play-based activities be brought during the training. They are also advised to bring their laptops and extension wire.
4. Immediate and wide dissemination of this Memorandum is desired.
