Advisory No. 094, s. 2024

May 23, 2024

In compliance with DepEd Order (DO) No. 8, S. 2013
This advisory is issued for the information of DepEd officials,
personnel/staff, as well as the concerned public.

BRIDGING PREK-8 LITERACY GAPS THROUGH THE SCIENCE OF READING

Attached is a gmail from the Academic Support Team of F & J De Jesus, Inc. an invitation to a free webinar on Bridging PreK-8 Literacy Gaps through the Science of Reading to be held on June 1, 2024, Saturday 10:00 a.m. via Zoom Link, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s, 2005 entitled: Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No Selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

Dear Educator,

F & J de Jesus, Inc. and Learning A-Z present to you our FREE webinar on Bridging PreK-8 Literacy Gaps Through the Science of Reading.

Over the last five (5) years, International Large-Scale Assessment Studies have shown that Basic Education learners in the Philippines are reading (and consequently, learning) below grade level, exacerbated by the restraints brought about by the Covid-19 pandemic. As such, teachers need to refine their methods of instruction, proactively address reading comprehension gaps, and encourage mastery of foundational literacy skills to put students on the path to reading success. The Science of Reading (SoR), a comprehensive body of research that encompasses years of scientific knowledge intended to aid students in becoming skilled readers, aims to improve literacy instructional delivery and create best practices to achieve greater academic success.

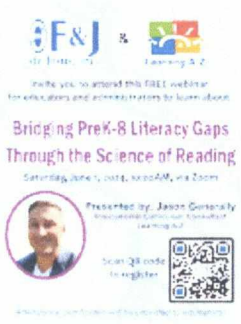

In this webinar, Learning A-Z International Curriculum Consultant Jason Generally, shall discuss professional learning practices that not only align with Science of Reading research but also is flexible to meet teachers' unique needs, and will convey tips and techniques that can guide them through their journeys from planning to implementation to evaluation.

The Webinar will be on June 1, 2024, Saturday, 10:00 AM, via Zoom. Please scan the QR code on the poster to register and a ZOOM link will be provided. E-certificates will be also given only upon attendance at the webinar.

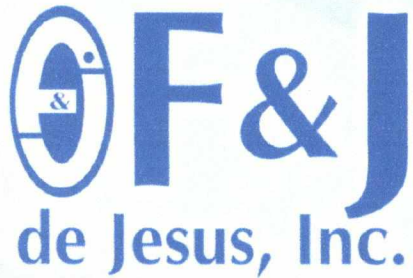

See you there!

Best Regards.

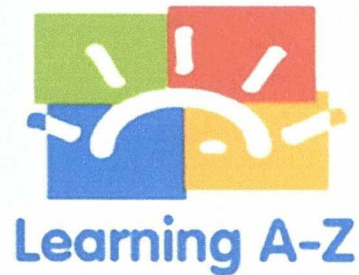

Academic Program Support Team
