DIR. JOCELYN DR. ANDAYA  
Director IV Bureau of Learner Support Services (BLSS)  
Department of Education  
Quezon City

Greetings and we hope this letter finds you well.

In line with the Republic Act 10871 known as Basic Life Support Training in Schools Act, the Philippine Heart Association (PHA) has been a constant partner with your department in ensuring CPR awareness among teachers and students. In fact, this partnership has ensured the success of the PHA CPR Quiz Bowl held in 2023 which involved Senior High School students from Science High Schools all over Metro Manila. Our long-term plan for this program is to make it an annual event which will involve Senior High School students all over the country.

Because of this, we are hoping to continue this partnership through Code Blue: The Second Annual Invitational PHA CPR Quiz Contest on **May 28, 2024, 08:00 AM to 02:00 PM** at the **EDSA Shangri-La Hotel**. This is part of the pre-convention activities of the 2024 PHA Annual Scientific Meetings and Convention.

Similar to last year, this will involve a free BLS training session on **May 18, 2024, 8:00 AM to 5:00 PM** (venue to be announced) for the student participants and teacher-coach. Participants of the free BLS training will receive a certificate of proficiency and a BLS provider ID.

The quiz contest is open to **All Senior High School Learners** from these following Science High Schools:

1. Caloocan National Science and Technology
2. Caloocan City Science High School
3. Las Piñas City National High School
4. Malabon City National Science and Mathematics High School
5. City of Mandaluyong Science High School
6. Manila Science High School
7. Marikina Science High School
8. **Muntinlupa Science High School**
9. Navotas National Science High School
10. Parañaque Science High School
11. Pasay City National Science High School
12. Pasig City Science High School
13. Quezon City Science High School
14. Makati Science High School

For this, we would like to request one (1) team for each participating schools composed of three (3) participants, two (2) substitutes, one (1) Science Subject coach, and one (1) MAPEH teacher from each Science High School.

As previously mentioned, one prerequisite for participation to our quiz contest is completion of the PHA BLS certification course. If the participant/coach already has a PHA BLS certification within the last 2 years, it is recommended that another student/teacher attend the free training course.

Thank you very much and we are hoping for your most favorable response regarding this matter.

Respectfully yours,
