

Republic of the Philippines  
Department of Education  
NATIONAL CAPITAL REGION  
SCHOOLS DIVISION OFFICE OF MUNTINLUPA CITY

Division Advisory No. **115**, s. 2024  
August 27, 2024

AUG 27 2024

In compliance with DepEd Order No. 8, s.2013 this advisory is issued not for endorsement per DO 28, s. 2001, but only for the information of DepEd officials, personnel / staff, as well as the concerned public.

**INVITATION TO PARTICIPATE IN  
“KNOWLEDGE HIVE: A Mobile Science Museum”**

Attached is the letter from Ms. Gerlie P. Sevilla, Marketing Director, Knowledge Hive, dated August 21, 2024, on the above-captioned title, the contents of which are self-explanatory, for the information and guidance of all concerned.

Knowledge Hive is a mobile science museum that offers learners diverse topics, hands-on displays, educational content, innovation and technology, and outreach and engagement. It also provides activity worksheets that students will answer to assess the learnings that they acquired during their visit to the mobile science museum.

The Knowledge Hive aims to bridge learning gaps and contribute to the effort of both private and public institutions in overcoming the challenges during the post pandemic.

Participation in this activity is strictly voluntary and shall be subject to the no-disruption-of classes policy stipulated in DepEd Order No. 9, s. 2005 (Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith), DO 66, s. 2017 (Policy of Off-Campus Activities), and the No Collection Policy as stated in Sec.3 of RA No. 5546 (An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law).

August 21, 2024

**DR. VIOLETA M. GONZALES, CESO VI**  
Officer -In - Charge  
Office of Schools Division Superintendent  
Schools Division Office  
Muntinlupa City

Dear Dr. Gonzales,

Greetings!

Bridging the learning gap and to contribute to the effort of both private and public academic institutions in overcoming the challenges during this fragile period of post pandemic are just some of the major objectives of our team.

In connection to this, we would like to introduce this interactive mobile science museum called "**Knowledge Hive**". It is with our deep commitment to help in fostering STEM Education in the country so that in the future, Philippines can already empower workforce with necessary skills and knowledge needed specifically in the field of Science and Technology.

The Knowledge Hive has galleries that students can visit and learn a lot related to different fields of science such as *Astronomy, Chemistry, Natural Sciences and Physics*. In every gallery, there are assigned guides and lecturers to discuss more information and to cater the learners' queries. At the end of the exhibit, there are other activities such as Van de Graaff Generator, falling sticks, infinity mirror, and photo booth.

With this project, we make sure that our students are acquiring knowledge and at the same time enjoying their visit to the different galleries we have. They will be engaged in collaborative learning and fun activities outside their classroom but still within the vicinity of the school campus. Rest assured that this won't interrupt their class schedules.

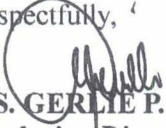

We are committed to help and provide extra means of learning as support to our educational system. We want to give learners a quality and unforgettable experience.

We would like to request a meeting with you at the earliest opportunity to discuss the project details and together, let us create a safe and quality education to our learners in the city.

For any further information or clarification, please feel free to contact our team through this number 0951-071-1392 and email [knowledgehivecorp@gmail.com](mailto:knowledgehivecorp@gmail.com).

Thank you very much.

Respectfully,

  
**MS. GERLIE P. SEVILLA**
