Greetings!

By virtue of **Presidential Proclamation 1427**, December of every year is declared as "**National Energy Consciousness Month (NECM)**". The NECM provides a venue to create public awareness through information campaigns to bring the people toward judicious conservation and efficient utilization of energy as provided under said Proclamation.

In line with the aforementioned, we strongly encourage all departments and offices to support the **NECM** through observation of the **Government Energy Management Program (GEMP)** and key **Energy Efficiency and Conservation (EEC) Measures** as follows:

Electricity Saving Measures	Fuel Saving Measures
<ul style="list-style-type: none"> • Turn off lights, computers, appliances, and other equipment when not in use • Adjust room temperature not lower than 24°C • Use stairs instead of elevator when going one floor up or down • Use energy-efficiency equipment and appliances (with Inverter technology, LED, and others) • Utilize daylight whenever possible 	<ul style="list-style-type: none"> • Compliance with the submission of Fuel Monitoring Forms (to GSO) • Regularly check all service vehicles and keep preventive maintenance thereof (thru Motorpool) • Schedule daily trips to avoid unnecessary short trips • Avoid engine idling while waiting and/or parking • Keep driving speed steady and acceleration smooth & moderate

We expect everyone's compliance and support on this matter. Thank you very much.

Truly yours,

EnP. ALVIN F. VERON
 Acting Head, CPDO
 Designated EEC Officer
