SUBJECT : CONDUCT OF THE CY 2025 QUARTERLY NATIONWIDE SIMULTANEOUS EARTHQUAKE DRILL

The Philippines, situated along the seismically active Pacific Ring of Fire, is susceptible to frequent earthquakes and volcanic eruptions. Recognizing this, the National Disaster Risk Reduction and Management Council (NDRRMC), guided by Republic Act (RA) 10121, has implemented various measures to mitigate earthquake risks and other geological hazards. These measures encompass contingency planning, Incident Command System training for effective response, organization of Response Clusters, intensified public awareness campaigns, and strengthened inter-agency coordination.

A cornerstone of the NDRRMC's initiatives is the Nationwide Simultaneous Earthquake Drill (NSED), conducted quarterly under the leadership of the Office of Civil Defense (OCD). NSED aims to assess the nation's capacity to respond to earthquakes, particularly in ensuring public safety through well-organized evacuation and response procedures.

In view thereof, the schedule for the CY 2025 Quarterly Nationwide Simultaneous Earthquake Drill (NSED) is hereby disseminated:

All schools, offices and other local activities are requested to be temporarily interrupted to give way for the scheduled conduct of the NSED. Respective activities shall resume afterwards.
