Greetings!

The City Planning and Development Office is pleased to inform that our team is in the process of updating the city's **Ecological Profile (2024)** as well as the **data requirements for the update of Comprehensive Land and Water Use Plan (CLWUP)**. These documents serve as vital databases for sectoral and development planning and act as essential references for researchers, barangays, government agencies, the private sector, and other stakeholders.

In line with this, we are kindly requesting to provide us data and information as indicated through the dataset templates listed on this google drive: bit.ly/EPMunti2025. This can also be accessed by **scanning the QR code** below.

Furthermore, we are humbly expecting to receive the accomplished datasets **on or before June 02, 2025 (Monday)**. If you have clarifications or questions, kindly contact our office via email cpdomuntinlupa@gmail.com or thru telephone **8862-2525 local 3011/3012** and look for Ian San Juan.

We are hoping for your favorable response and usual support to our office's endeavors.

Thank you very much.

Respectfully yours,
