Advisory No. 040, s.2025

June 3, 2025,

In compliance with DepEd Order (DO) No. 8, S. 2013  
This advisory is issued for the information of DepEd Officials,  
Personnel/Staff, as well as the Concerned Public.

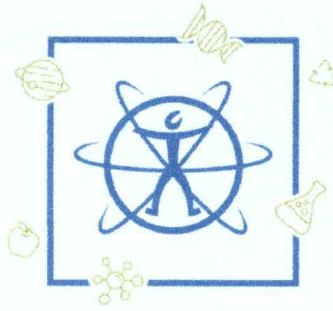

**“NATIONAL SCIENCE CLUB MONTHS(NSCM)”**

Attached is a letter from Joyce Anne Mendoza, National Capital Region SUMMIT Coordinator, NSCM 2025, dated September 6-7 and 27-28 2025, on the above-mentioned title, content of which is self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption of classes policy stipulated in DepEd Order No. 9, s, 2005 entitled “Instituting Measures to Increase Time-On-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No Selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

**ALEJANDRO G. IBANEZ**

Schools Division Superintendent

Department of Education - NCR Schools Division of Marikina City

**Dear Superintendent Ibanez,**

*Greetings from the Science Clubbing Movement!*

On its 54th year of serving the Filipino youth as the first and largest umbrella organization for science clubs in the Philippines, the Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (PSYSC), Inc., remains committed to promoting the public understanding of science, technology, and the environment (PUSTE) through quality programs and activities for elementary and high school students nationwide.

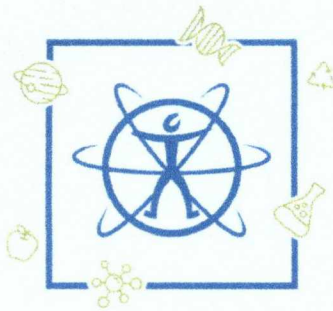

As mandated by the *Presidential Proclamation No. 264, s. 2002*, PSYSC annually spearheads the celebration of **National Science Club Month (NSCM)** every September. The month-long celebration begins with the **National Science Clubs Summit (SUMMIT)**, a one-and-a-half-day event featuring lectures, workshops, and interactive activities designed to foster scientific interest and camaraderie among junior and senior high school science club members. Other major NSCM activities include the **PSYSC Science Olympiad (PSO)**, a nationwide inter-school quiz competition for both elementary and high school students; **Mathematics, Science, at Kapaligiran (MSKA)**, a science-focused event comprising regional workshops during SUMMIT and a culminating national competition held in NCR; and the **I Teach Science Seminar (ITSS)**, which equips science educators with innovative, engaging pedagogical strategies through lectures and workshops.

To bring the spirit of National Science Club Month (NSCM) closer to science club members across the country, PSYSC has thoughtfully established multiple regional centers to make this celebration more accessible and inclusive. SUMMIT, ITSS, MSKA, and the PSO National Eliminations will be conducted simultaneously on September 6-7 2025, in Regions 1, 2, NCR, 5, 6, 9, 12, and 13 —allowing students from various parts of the Philippines to experience the excitement of NSCM within their local communities.

In addition, independent sites for the PSO National Eliminations will be held on September 6, 2025, in Regions 4A/4B, CAR, 7/8, 9/10, and 11, ensuring even broader reach and participation. The PSO National Finals and MSKA Proper will be held simultaneously. The competitions will be held at the National Capital Region (NCR) on September 27-28, 2025, where we look forward to welcoming our top-performing participants.

All event details and updates will be posted on our official Facebook page at [www.facebook.com/psysc.nscm](http://www.facebook.com/psysc.nscm) and shared via email through [nscm@psysc.org](mailto:nscm@psysc.org). The important dates and regional locations for each sub-event are summarized below.

\*Changes may be implemented without prior notice. All announcements will be coursed through our Facebook Page: ([www.facebook.com/psysc.nscm](http://www.facebook.com/psysc.nscm)).

In line with the foregoing, **Philippine Science High School-Main Campus** will be the host school for NSCM in your region. To encourage schools' and students' participation, we would deeply appreciate an **endorsement** of the event from your esteemed office. Participation in this event will foster a deeper understanding and love for science in students and better pedagogical practices in our science educators.

We are grateful for your office's support in ensuring the success of this event. Should you require any additional information, documentation, or clarification, please do not hesitate to contact us at 09083763595 or via email at [nscm@psysc.org](mailto:nscm@psysc.org).

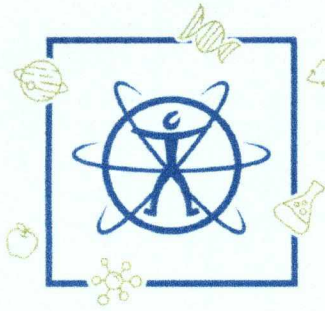

Attached herewith are the events' descriptions.

Thank you for your continued support in keeping the fire of science-clubbing burning!

## Event Descriptions

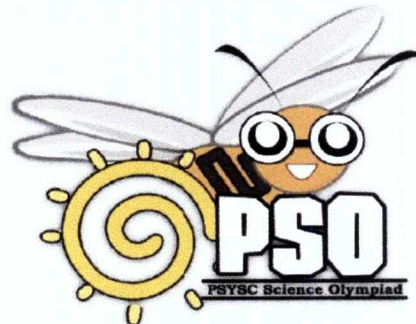

### National Science Club Month 2025

September is considered the **National Science Club Month (NSCM)** under Presidential Proclamation No. 264. During the NSCM, the **Philippine Society of Youth Science Clubs (PSYSC)** conducts activities that encourage the youth to actively participate in the science clubbing movement. Through these activities, PSYSC aims to provide a venue for the interaction of science clubs and to recognize excellence through workshops and friendly competitions. The four (4) main events that will kick-off this year's NSCM are the National Science Clubs Summit (Summit), PSYSC Science Olympiad (PSO), I Teach Science Seminar (ITSS) and Mathematics, Science at Kapaligiran interactive Workshop (MathSciAKA).

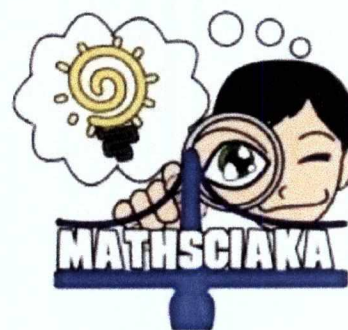

The **National Science Clubs Summit (SUMMIT)** is a one and a half-day gathering of high school science club affiliates, conducted simultaneously in different regions. The event is an opportunity for the different science clubs to learn from lectures, workshops, and plenary sessions. The SUMMIT brings the camp experience closer to our affiliates who are not able to attend the National Youth Science Technology and Environment Summer Camp (NYSTESC). Exciting trademark activities of SUMMIT include Sub-camp Quiz Competition and fun-filled Science workshops. SUMMIT also offers the chance to experience MathSciAKA, an event which provides a set of interactive workshops.

The **Philippine Society of Youth Science Club Science Olympiad (PSO)** is an inter-school quiz competition for elementary and high school students all over the country. This Olympiad consists of two rounds: (1) the National Eliminations, conducted simultaneously in different regions, which will be a written exam that will challenge the students' knowledge on various science categories, and (2) the National Finals, which will be composed of theoretical and practical rounds. Prizes would include cash, plaques, medals and certificates.

The **I Teach Science Seminar (ITSS)** is a two-day activity catering to science teachers of affiliated schools. It is an enrichment seminar packed with lectures, workshops, and discussions for teachers featuring ways on how they can make science teaching fun and interactive. This is PSYSC's way of thanking the teachers for the service they bring to the youth and as well as to the organization.

**MathSciAKA** is an event composed of many different science workshops known as the Mathematics, Science, At Kapaligiran (MathSciAKA). MathSciAKA has been designed to challenge both the physical and mental capabilities of participating science clubbers. It is usually celebrated on two separate dates – every 1<sup>st</sup> week of September during the NSCM-SUMMIT which features two sub events: the Engineering Science Challenge and the Interactive Workshop; and every 3<sup>rd</sup> week of September within the National Capital Region during the MathSciAKA Proper consisting five sub events: Interactive Workshop, On-the-spot Workshop, Take Home, Mystery Workshop and the Workshop Fair.

Dear Superintendent Gonzales ,

**Warm greetings from the Science Clubbing Movement!**

The Philippine Society of Youth Science Clubs, Inc. (PSYSC) is the country’s premier student-led organization dedicated to advancing the public understanding of science, technology, and the environment. For over 53 years, PSYSC has continued its mission by organizing nationwide initiatives that empower the youth to actively engage in the science clubbing movement, inspiring action in science and technology for national development.

In line with **Proclamation No. 264, s. of 2002**, the month of **September** is celebrated as **National Science Club Month (NSCM)**. As such, PSYSC is thrilled to announce that preparations are underway for this year’s NSCM celebration. This year’s NSCM will feature an array of engaging workshops, competitions, and activities aimed at fostering scientific curiosity and environmental awareness in elementary and high school students.

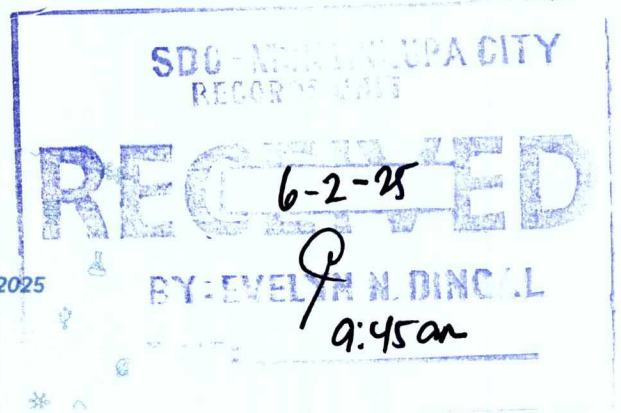

To encourage schools’ and students’ participation, we would deeply appreciate an **endorsement** of the event from your esteemed office. Participation in this event will foster a deeper understanding and love for science in students and better pedagogical practices in our science educators.

Attached to this email is a formal letter outlining the event’s objectives, schedule, and planned activities. We are confident that with the support and endorsement of DepEd, we can extend our reach and successfully implement this enriching initiative.

We hope for your favorable response and would be honored by your support and possible participation in this initiative. Should you need any further details or clarification, please feel free to reach us at [nscm@psysc.org](mailto:nscm@psysc.org) or **09083 763 595**.

Thank you very much for your time and consideration!

*In service of the Filipino youth,*
