Advisory No. 050, s.2025

June 30, 2025,

In compliance with DepEd Order (DO) No. 8, S. 2013
This advisory is issued for the information of DepEd Officials,
Personnel/Staff, as well as the Concerned Public.

“XPERTHINK SCIENCE ON THE GO”

Attached is a letter from Theodore Rhey E. Gubot, Area Manager, the above-mentioned title, content of which is self-explanatory, for the information and guidance of all concerned.

Participation of public and private schools shall be subject to the no-disruption of classes policy stipulated in DepEd Order No. 9, s, 2005 entitled “Instituting Measures to Increase Time-On-Task and Ensuring Compliance Therewith.

Moreover, schools are reminded of the “No Collection and No Selling of Tickets Policy” stipulated in DepEd Order Nos. 19 and 40, s. 2008 and RA Nos. 4206 and 5546.

DR. VIOLETA M. GONZALES CESO VI
SCHOOL DIVISION SUPERINTENDENT
MUNTINLUPA CITY

Greetings of peace and prosperity!

Thank you for giving us the privilege to introduce the **XPERTHINK** the flagship program of the **XPERTHINK SCIENCE ON THE GO**. We believe in science as a new career path where in Filipinos, given the proper early exposure, have an overwhelming potential to excel in..

XPERTHINK commits to bringing premium educational activities inside comfort and safety of the school campus. Being aware of the "Time on Task" Policy and the strict compliance with the "180 days teaching and learning guidelines", we coordinate the schedule of activities with the Science Department of the school, utilizing only the science period of the participants and making sure no disruption of other classes.

To compliment of the Department of Education we provide different science activates, including Astronomy & Environmental Awareness Program. We use the most advanced Digital Planetarium System. We also have manipulative exhibits where in the students can explore and manipulate. We have choice selection of dynamic movies about nature: from distant past and the modern future; water and land based creatures; extinct animals and plants; and also about outer space explorations. With General Patronage rating by the MTRCB, the select movies are both entertaining and educational and target all ages of curios minds. following are the activities by Program:

XPERTHINK Set 1 Activity 1 Full HD 3D Movies in Digital Surround Sounds using 3D eyeglasses
Activity 2 Science Manipulative Exhibit
Activity 3 Environmental Awareness Program
Activity 4 Photo Booth

XPERTHINK Set 2 Activity 1 Digital Mobile Planetarium
Activity 2 Galaxy and Astro Exhibit
Activity 3 Water bottle rocket launching
Activity 4 Photo Booth

Please feel free to call our office at telephone number 09260833172/ trg102810@gmail.com for more details.

Theodore Rhey E. Gubot
Area Manager

The following activities will provide ground-breaking and novel learning for the student's:

3D FILM

Students watch immersive 3D videos that realistically show themes like history, nature, and science, allowing them to experience locations like the ocean depths, space, or prehistoric Earth as if they were there.

3D films increase engagement and motivation by making complex or abstract subjects more tangible and memorable. Supporting research, they promote learning, recall, and understanding, resulting in higher retention, conceptual sequencing, and expressive movements. The immersive quality improves attention, inspires deeper investigation, and promotes long-term knowledge retention.

SCIENCE MANIPULATIVE

Students employ manipulatives, such as models, kits, and objects, to investigate scientific concepts through direct interaction. Model building, experimentation, and demonstration of principles are all activities.

Manipulatives make abstract ideas concrete, improving comprehension, critical thinking, and problem-solving. They improve interest, retention, and participation while also promoting cognitive development through experiential learning.

ENVIRONMENTAL AWARENESS

Learners will engage in fun activities that highlight environmental issues and demonstrate how anyone can all make a difference. They might plant trees, participate in cleanup events, or create projects using recycled materials. Enjoy discussing eco-friendly tips—like walking or biking instead of driving—or spreading awareness on social media.

These activities foster a sense of connection and responsibility toward the planet. Students will learn how their actions impact the environment and build lasting habits. Working together also promotes teamwork and friendship while creating meaningful change.

PHOTO BOOTH

Photo booths provide a fun, engaging respite that increases event participation and enjoyment.

They build community, generate happy memories, and, when centered on education, reinforce learning while promoting involvement.

Students are given printed or digital photo souvenirs to commemorate the event. .
