**Course Overview:**

This 2-day training equips K to 12 teachers with the knowledge, skills, and values needed to integrate **Artificial Intelligence (AI) into teaching, learning, and assessment practices**. Teachers will learn how to design AI-assisted lesson plans, develop AI-enabled instructional materials, embed AI in Learning Management Systems (LMS) and apply responsible and ethical use of AI. The program culminates in a final project where teachers create and present an AI-enhanced lesson or assessment tool in their LMS.

Looking forward to positive participation for this event.

Let me know of any questions and concerns.

Thank you!

--
