Re: Invitation to Participate in the Telescope Workshop for Educators

Dear OIC Gonzales,

Warm greetings from UP NISMED!

From 2016 to 2018, the University of the Philippines National Institute for Science and Mathematics Education Development (UP NISMED) served as part of the technical working group for the evaluation of science and mathematics equipment procured by the Department of Education. NISMED has recommended the procurement of astronomical telescopes which have now been distributed to public schools.

In connection with this, we would like to invite three (3) teachers each from five (5) schools in your division to undergo training on the use of said telescopes. The training will feature hands-on experience on identifying the parts of a telescope, and assembling and using the telescope to observe the Moon, planets, and other celestial objects. The participants must bring their school's telescope. Snacks will be provided.

The details of this invitation are listed in the table below.

Date and Time	22 May 2026 (Friday), 2-6 PM
Participants	5 schools, 3 representatives per school
Venue	UP NISMED STTC, UP Diliman, Quezon City
What to bring	DepEd-issued telescope

We are hoping for your favorable consideration regarding this request. Thank you very much.

Very truly yours,

ANTHONY GUILLIER E. URBANO
 Project Lead, Telescope Workshop for Educators
