Dear Director Gonzales,

On the second year of GBF Class Builder's scale-up, the Gokongwei Brothers Foundation continues to strengthen its commitment to creating meaningful impact in STEM education, now reaching 9 partner regions, 45 divisions, over 5,800 schools, and more than 40,000 teachers nationwide. This progress reflects the strength of our collaboration, particularly with your office, whose continued support has been instrumental in enhancing program delivery and ensuring that teachers are effectively supported in improving classroom instruction.

As we prepare for the SY 2025–2026 Partnership Report in the division, we are currently conducting an **End-of-School-Year Survey among RO/SDO staff, School Heads, and Master Teachers (Mathematics and ARAL Reading)**. The results of this survey will form part of the report and will serve as key inputs to our planning and strategic alignment for the next year of implementation.

In line with this, we seek your support in **issuing a memorandum** requiring the participation of all concerned RO/SDO Personnel, School Heads, and Master Teachers in GBF Class Builder (Grades 3-6 Mathematics and ARAL Reading) to complete the survey through the link/QR code **on or before May 15, 2026**.

Please let us know your confirmation to our request above, or if you require any additional details. We look forward to this opportunity to work closely with you in building the future through quality education.

Sincerely,

**ANGELA DIANNE AGUSTIN**
