All Others Concerned

1. To continuously drive strategic systems aimed at improving learning outcomes across all key stages, this Division emphasizes the critical importance of data-driven instructional interventions. Conducting timely and accurate diagnostic assessments is pivotal to identifying learning gaps early and implementing targeted recovery measures.
2. All public elementary and secondary schools within this Division are hereby directed to strictly adhere to the established timeline for the administration, validation, checking, and encoding of the First Term Beginning of School Year (BOSY) Literacy and Numeracy Assessments. Please see enclosure.
3. Administrative Guidelines & System Controls
 - Preparation and Accountability: School Heads, alongside designated Literacy and Numeracy Coordinators, must ensure that all test materials are ready and school-level orientations are completed during the opening block (June 8-11).
 - Data Integrity: Checking and validation must be meticulous to avoid data discrepancies prior to school consolidation.
 - Strict Submission Enforcements: The National Dashboard portal closes automatically on the deadline. No extensions will be granted. Missing data compromises division-wide planning and resource allocation.
