VIOLETA M. GONZALES, CESO VI
Schools Division Superintendent
Schools Division Office – Muntinlupa

Dear **Ma'am Gonzales**:

The City Government of Muntinlupa, through the Environmental Protection and Natural Resources Office (EPNRO), respectfully requests the assistance of the Schools Division Office of Muntinlupa in facilitating the conduct of an Information, Education, and Communication (IEC) Campaign on Environmental Protection and Climate Change among Senior High School students in public schools in Muntinlupa City this October 2026.

The proposed IEC Campaign aims to raise awareness and enhance the understanding of students on environmental issues and climate change, particularly their impacts on the community and the important role of the youth in environmental protection and climate action. The activity will also discuss relevant environmental programs, initiatives, and practices that students can apply and promote within their schools, homes, and communities.

In this regard, we respectfully request your Office to provide a suitable schedule for the conduct of the IEC Campaign in **all public schools offering Senior High School** in Muntinlupa City during **October 2026**, with **at least one (1) hour allotted for each session**. The activity may be conducted face-to-face or through an online platform, depending on the availability, preference, and existing activities of the respective schools. This flexible arrangement is intended to facilitate the participation of the schools while minimizing disruption to regular classes and other academic activities.

Our Office will coordinate closely with the Schools Division Office and the respective school principals regarding the schedule, preferred mode of conduct, and other necessary arrangements for the activity.

Should you require any further information or coordination regarding this activity, you may contact the Environmental Protection and Natural Resources Office at **0962-6035-982** or email us at **epnro.muntinlupa@gmail.com**.

Thank you.

Very truly yours,

LORNA B. MISA
Acting Environment and Natural Resources Officer
