Subject: PROPOSED PARTNERSHIP BETWEEN FILINVEST BUSINESS SERVICES CORPORATION AND DEPED SDO MUNTINLUPA

Dear Dr. Gonzales,

On behalf of the management of the Filinvest Business Services Corporation (FBSC) Enterprise Capability Hub, I am writing to formally introduce our organization and explore a potential partnership in support of the K to 12 Work Immersion Program of the Department of Education.

The **FBSC Enterprise Capability Hub** is a member of the Filinvest Group, one of the Philippines' most established conglomerates with businesses that include business banking, property development, hospitality, and utilities. Established in January 2023, the FBSC Enterprise Capability Hub was formed to modernize operations by streamlining Finance, Human Resources, and Corporate Administration across the conglomerate. As part of our commitment to creating value for our stakeholders, including our people and the communities where we have operations, we are putting in place initiatives that support career building and at a small but significant level, strengthening the Philippines' future talent pipeline for the business services sector.

In line with this commitment, our **Kennedy Network Employee Resource Group (ERG) is Developing FutureHER Academy**, an initiative that seeks to provide young women school leavers with meaningful workplace exposure and early career exploration opportunities. FutureHER is envisioned to complement the DepEd K to 12 Work Immersion Program by giving students further exposure to a professional work environment, opportunities to interact with working professionals and leaders, and hands-on experiences that can help them make more informed decisions about their future academic and career paths.

We would greatly appreciate the opportunity to discuss the initiative with your office and ensure that its design and implementation are aligned with the objectives and applicable guidelines of the K to 12 Work Immersion Program. We believe that a meaningful partnership between the educational and private sectors can help equip young women with greater awareness, confidence, and preparedness as they take their next steps toward their chosen careers.

Thank you for your time and consideration, and we look forward to the opportunity to work with your office in creating a meaningful and enriching workplace experience for young women in Muntinlupa City.

Very truly yours,

Dolly Asia Ramos
